

PSGIM VEDHA 2026

Vision for Environmental Development and Human Advancement

April 7, 2026

Theme: “Unlocking Value from Waste”

PSGIM VEDHA 2026 is a premier industrial conclave designed to bridge policy intent with ground-level innovation. We invite industry leaders to explore actionable strategies that transform waste challenges into strategic corporate advantages while addressing pressing global environmental needs.

Highlights of the Conclave

Invited Talks and Panel Discussion

Talks by experts from diverse domains will help the participants understand the nuances of waste management, policy frameworks, standards, and best practices in waste management and sustainability. A great opportunity to network with the experts and connect with entrepreneurs in the domain of waste management.

Sustainability Leadership Award

A prestigious platform to recognize and celebrate excellence, innovation, and leadership in organizational waste management practices.

Sustainability Exhibition

A dynamic marketplace for companies to showcase cutting-edge green technologies, circular products, and sustainable industrial solutions.

About PSGIM: Centre for Sustainability

PSGIM offers an MBA program in Waste Management and Social Entrepreneurship, which is dedicated to cultivating transformative leaders poised to revolutionize sustainability and societal change. At PSGIM, we recognize waste not as a burden but as an opportunity to reframe our understanding of Environmental Stewardship and Societal Impact. Our approach transcends traditional academic boundaries, fostering a multidisciplinary ecosystem that amalgamates scientific rigor, entrepreneurial ingenuity, and societal empathy. The conclave is organized by the center for sustainability, which serves as a platform for interdisciplinary learning, research, and collaboration on critical issues such as climate change, ethical resource management, waste management and sustainable practices.
